

# Globalstar FAU-200 Fixed Phone

Anyone living in or running a business from a remote area will appreciate the unparalleled connectivity of the FAU-200. The Globalstar FAU-200 Fixed Phone is the ideal cost-effective solution to access the coverage and reliability of Globalstar satellite phone service. For commercial or personal purposes, the FAU-200 provides high-quality, voice-only transmissions to remote businesses, communities and dwellings.

The FAU-200 delivers digital call quality, with virtually no voice delay. A call-restricted FAU-200 satellite phone is also available, allowing you to offer multiple users, employees or visitors access to a satellite phone in a controlled and cost-effective manner. A natural fit for commercial and industrial sites that require day-to-day voice communications, the Globalstar FAU-200 is also a must for vacation properties and remote communities.

## FAU-200 ADVANTAGES:

### Custom Installation Configurations

Installation of the FAU-200 is quick and simple. The weatherproof unit can be mounted at any convenient outdoor location with an unobstructed view of the sky. The Globalstar FAU-200 can be installed anywhere you need the coverage and reliability of Globalstar's satellite network.

### Simple Antenna Set-up

The fixed, omnidirectional antennas mean greater reliability. No aiming or calibration are required and there are no moving parts to break or wear out.

## STANDARD TELEPHONE EQUIPMENT COMPATIBILITY:

The FAU-200 supports up to three phone jacks on a single phone line. The connection from the Fixed Antenna Unit to the telephone equipment can be as long as 244 m (800 ft). Use your Globalstar FAU-200 with any off-the-shelf CSA-approved phone (sold separately), including:

- Standard Handsets
- Desktop Speakerphones
- Cordless Phones
- Analog PABX Systems

## FAU-200 INCLUDES:

- FAU Module
- Power Supply and Connection
- 15 m (50 ft) Power Cable
- Telephone Interface (NID) Box
- User Documentation Package
- TX Antenna
- RX Antenna
- Installation Handbook
- Telephone Handset and RJ-11 Cable not included
