Feature-Packed and Amazingly Easy to Use

The Magellan Triton 500 reinvents handheld GPS navigation by combining advanced features, precise navigation, and exceptional ease of use. Completely re-engineered both inside and out, the Triton 500 is the eighth generation of handheld devices from Magellan and also features the rugged, waterproof design that outdoor enthusiasts need and expect.

Key Features and Benefits:

- Barometric altimeter—for weather tracking based on atmospheric pressure changes
- 3-axis electronic compass—provides precise heading, without having to be horizontal to the ground
- Expandable SD card slot—allows users to store additional maps, terrain, and geocache data
- Detailed uploadable maps—maximize the Triton 500's navigation capabilities
- 2.2" (5.9 cm) QVGA full-color display—for crisp, crystal clear graphics

User Manual Optional

The Triton 500 is so easy to use that its user manual may never make it out of the box. The "Go To" menu includes friendly icons and helpful categories like Go To, Create, and View. From there a few 'Go' button clicks are all that's needed to navigate its many advanced features. No Ph.D. required!

Additional Product Features

Detailed Maps

Pre-loaded base maps identify major rivers, lakes, cities, and other geographical boundaries. The Triton 500 also allows users to upload third-party topo and street maps.

Battery Powered

Easily replaceable in the field, AA batteries provide users with a readily-available power source.

Extremely Rugged and Waterproof

The Triton 500's rugged design defeats harsh environments. Built to withstand a drop to concrete, it's also waterproof to IPX-7 standards—which means it can be immersed in up to one meter of water for as long as 30 minutes.

Clear Reception

An integrated, low-power, high-sensitivity antenna offers clear reception, even in heavy cloud cover and deep canyons.

Rapid Positioning

SiRFstarIII™ gives Triton users the fastest GPS position acquisition in the industry.

Highly Intuitive User Interface

The Triton 500's graphical user interface is highly intuitive for advanced ease of use.
